

# Access Programs

STA successfully launches and manages Named Patient Access Programs in our regions, enabling patients early or compassionate access to new therapies.

---

# Reimbursement Expertise

Our experienced teams navigate reimbursement applications and processes for pharmaceutical products, companion diagnostics and other medical technologies.

---

# Commercialisation

STA achieves rapid market penetration and leadership of portfolio therapies.

---

# Regulatory

STA regulatory teams manage complex submission processes in all key markets, including Orphan and Fast-Track designations.

---

# Agreements

STA is open to joint ventures, typical royalty and milestone-based licensing agreements or other creative, mutually beneficial partnering opportunities.
