

ST's Business Development Team at #BIO2018

Specialised Therapeutics delegates will attend the BIO International Convention, which returns to Boston Massachusetts this June.

Hosted by the Biotechnology Innovation Organization (BIO), the event is designed to foster global biotechnology innovation by uniting the pharma industry with biotechnology companies, academic institutions, state biotechnology centres and related organisations.

As in previous years, Specialised Therapeutics' Business Development team will take advantage of "BIO One-on-One Partnering" networking opportunities. Our team will meet with potential new partners who have promising treatments in later stages of clinical development.

For further information about partnering with Specialised Therapeutics, please see our [CEO's latest blog](#) or see our [Partnering page](#).
